

October 2015

Dear Fellow History Buffs,

This month St. Louis celebrates the 50th anniversary of the completion of our Gateway Arch. I would like you to look at the Civil War Round Table of St. Louis as your "gateway" to increasing your knowledge about America's Civil War. As a novice or long time student of this conflict, you will always learn something new at our meetings.

John Nischwitz, our trivia master, has been putting together quizzes at our meetings for 19 years. John's monthly quiz is very educational and entertaining. After the trivia, our monthly speakers will cover a spectrum of subjects.

In October, Mr. Sandy Barnard will speak about a Lt. Granger whose letters home during the Civil War will give us an up close and personal look at General Armstrong Custer. A talk on Custer is always popular with our members and visitors.

Hope to see you on October 28!

Paul Hauser, President
