Civil War Trivia

Ulysses S. Grant's wife Julia Grant was once taken prisoner by the Confederates. Julia and their youngest son Jesse often traveled with Ulysses and stayed in his camps so he could have "good home-cooked food". In December of 1862, Julia was captured by Confederate troops under the command of Confederate Brig. Gen. Nathan Bedford Forrest. This is believed to be the only wife of a Union General to be taken prisoner. When her identity was discovered, Forrest had her released immediately.
