## Masthead

Alabama State Capitol at Montgomery in the 1860's on the left, today on the right. First Capital of the Confederate States of America. Bottom photo : USS Monitor at sea.

## Civil War Trivia

Among the many technical innovations on the famed U.S.S. Monitor, is the often overlooked fact that she was the first warship to have flush toilets.

## From the Editor:

Last week's Masthead should have read "Stonewall Jackson", not "Sonewell Jackson". I am sure most of you figured this out. Sorry!
